Technical Skills

- **Programming Languages:** C#, Python, Java.
- **Cloud & Data Engineering:** Microsoft Azure, Azure Data Factory (ADF), Azure Storage Explorer, Data Migration.
- **Frameworks & DevOps:** ASP.NET Core, React.js, Django, Docker, Git/GitHub, REST APIs.
- **AI/ML & Agentic AI:** LangGraph, AI Agents, Multi-Agent Systems, LLM Integration, Machine Learning (ML), Deep Learning (DL).
- **Databases:** Microsoft SQL Server, PostgreSQL, MySQL.

Work Experience

US Technologies (UST) - Trivandrum, Kerala Software Engineer I

Dec 2025 – Present

- Designed and developed robust, scalable web applications using ASP.NET Core, C#, and SQL Server, focusing on performance, maintainability, and reliability.
- Developed AI-powered solutions and worked with Python, machine learning models, and AI integration to automate workflows and improve application capabilities.
- Contributed to backend development, API integration, database management, and building efficient application architectures.

Xinfoz Technologies Pvt. Ltd. - Kollam, Kerala Software Engineer

May 2025 – Nov 2025

- Developed and maintained web applications using ASP.NET MVC, Python Django, and React, improving application responsiveness and user experience.

Educational Qualification

APJ Abdul Kalam Technological University, Kerala

Bachelor of technology in computer science and engineering

Nov 2021 – May 2025

CGPA: 8.38

Higher Secondary Education, Kerala

Computer Science

June 2019 – Mar 2021

Percentage: 88.3%

Secondary Education (10th), Kerala

Science

June 2018 – Mar 2019

Percentage: 98%

Project Experience

- **AI Expense Audit Assistant** – Developed an AI-powered expense auditing system using multiple agents for OCR extraction, validation, and auditing. Built using LangGraph, Gemini Flash, Next.js, and Python.
- **Financial Modernization and Data Migration** – Contributed to financial application development and data migration using ASP.NET Core and Azure Data Factory.
- **AI-Powered Development Platform** – Developed an AI platform with multiple tools for requirements analysis, code review, and pull request (PR) review.
- **Warehouse Management Software** – Contributed to the development of a warehouse management system focusing on inventory tracking, reporting, and database integration.
- **Gifts E-Commerce Application** – Developed an end-to-end e-commerce gifting platform using Python Django and MySQL Workbench.

Certifications

- Claude Certified Architect Professional (**CCAR-P**) and Developer Foundations (**CCDV-F**) – **Anthropic**
- **AI Certified Engineer** – UST
- **Programming in Java** – NPTEL Coursework

Career Achievements

- **2026 Dream Develop Disrupt (D3) Award Winner – UST:** Recognized for dedication, continuous learning, hard work, and contributions to organizational success.
